Welcome Jordan Online Drivers Ed. Students and Parents

Instructions for online signup system

If you have not paid the fee, please do so before you sign up. The fee is $110 and you can pay it at the Jordan High main office. You will not be activated until the fee has been paid. You also will need an active permit to drive on the roads and ranges. You can take the permit test at the DMV. Do not sign up for roads or ranges before you have paid the fee and have a permit, I will check.

* You must have your permit with you on all road drives! The state requires that your license/permit be in your possession while operating a vehicle of Utah roads.

To sign up for the online scheduling system:
Go to our driver ed. website:  [http://jhs.canyonsdistrict.org/driver-education.html](http://jhs.canyonsdistrict.org/driver-education.html)

Click on the link in the area that says “New Scheduling Program Click Here”
(You can also go directly to the page drivyn.net, if you’d like)

Once you are on the login screen click on the area that says “Not Registered? Sign up”

Fill out the information on that screen and click on submit.

(It is easier to sign up on a computer, the program is not in app form yet. You can use your phone after the initial sign up, but the computer seems to be better in most instances.)

If you have any problems on the initial sign up send me an email and I will help you.
wayne.jones@canyonsdistrict.org

Once you are in the system (and I have activated you) you can begin signing up for ranges and roads. Your login username is your email address and the password is the one you set when you signed up. If you forget this information, DO NOT CREATE A NEW ACCOUNT. Simply email me or stop by and see me and I will help you get back into your account.

To join a road or a range:

Look at the available times by clicking on the Roads or the Range icon. Any times that are available with say “available” on the right hand side. Click on the day and time that you can make and then click on the “join as driver” button. Make sure the available time match ones that will work with your schedule. You are now assigned to that time.

Make sure to check your schedule and show up to your times. You can do this anytime by clicking on the “My profile” button. It will show all upcoming and completed times. It will also allow you to track your progress with the wheels that fill in green as you proceed.

The system will let you sign up for roads and ranges, but be careful you do not sign off for both on the same day and time.

Remember you need to cancel any times you can’t make 24 hours before the start time and you may not sign up for anything within an 1 hour of the start time.

To cancel click on the drive you are scheduled for, in you “my profile” page. All drives will be listed here. Click on the road or range you need to cancel and the click on the “leave” button.
You need to sign up for 4 roads and 3 ranges, don’t worry about signing up for observation the system automatically does that for you. Monitor your times and be responsible showing up. The system shows you what days and times you are scheduled for. If you forget, login and check.

**If you don’t show up to 2 scheduled times you will be removed from the system and any upcoming drive times. You will require a teacher conference to be reinstated. If you miss 3 scheduled times you will need to have a meeting with myself, one of your parents and then you to be reinstated.**

Remember:
Our instructors are paid to drive with you.
Other students need you to be there for observation times or just to drive (we need at least 2 students to go)
Someone could have signed up in a spot you have and didn’t use.
You will need to take another spot to make up for the one you missed
Please be responsible and show up to the times you have scheduled. The system makes it easy to check your times, check often to confirm your times. You may cancel 24 hours before the drive starts, so don’t wait until the last minute or it will lock you in, again, someone could have used that spot.
If you have an emergency email me and let me know ASAP [wayne.jones@canyonsdistrict.org](mailto:wayne.jones@canyonsdistrict.org) or call the office/shack 801-826-6263

You are required complete the following for the driving portion to get your Utah Driver License

- 6 hours of range (3 – 2 hour sessions)
- 3 hours of roads (4 – 45 minute sessions)
- 6 hours of observation (8 – 45 minute sessions, done as you watch other students during your road times)
- Pass the state road test with 80% or better, on your last road time. (We will retest you 1 time if needed, if an additional test is needed after that, you will need to retest at the DMV)

This is all tracked for you in the system. When the “Complete” wheels turn green you know you have finished that part.

**Anyone under the age of 19 will be required to pass an additional online test, and receive a grade Of 100%, to receive the first time class D license.**

The link for the testing website is [dld.utah.gov](http://dld.utah.gov)

Please email or call me with any questions.
