

10th Grade Course Request Assignment

First and Last Name:

Your assignment is to make a list of classes you want to take next year.

Think about classes that are required for graduation. Think about future career ideas -- what can you try during high school?
Use the links below the form to find out more about courses available for 10th grade students.

Next week you will use the list below to put your classes in Skyward. When you open Skyward all students will have their core classes assigned.

Class Chart Instructions:

Fill in grey areas below

1. Choose from the drop down to select Core Classes
2. Type in elective choices in the 5 Blank Boxes (hover over the box for class suggestions)

10th Grade

Lang Arts 10

Math 2

Chemistry

World Civilizations

Math 2 Lab (required unless in Honors)

Lifetime Fitness (10th Grade PE)

[4]

[5]

For the 2021-2022 School Year I want my classes to be: (check one box)

In-Person -- All classes held at Jordan High School

Online -- Students will login at assigned meeting times to meet with a Jordan High Teacher

Hybrid -- Some in-person and some online (all online will be assigned a class meeting time)

Comments (Please mention if you have special circumstances we need to consider):

1. **Language Arts class** - if you want to take an ONLINE class or an HONORS class please use the arrow to change the class. If "regular" Language Arts 10 is fine, you are good to go!

2. **Math class** - if you are in Math 2 -- you must take Math 2 and a Math 2 Lab.

If you are taking Honors or Online Math, please use the arrow to change your selection. Honors math can put an elective course in the Math Lab spot.

Students must show adequate MI scores to be placed in Honors Math.

3. **Science class** - If you would like to take a different science option, please use the arrow to change your selection.

4. **History class** - If you are interested in AP or ONLINE, please use the arrow to change your selection.

5. **PST (9th grade PE)** - If you are planning an ONLINE or Summer course, please use the drop down menu.

6. **Fill the remaining spaces in your schedule** ---please write in courses you want to request.

Use the links below to see what is offered for 10th grade students in the areas of Art, CTE, Electives

Healthy Lifestyle Classes, and World Languages.

Year-long classes -- These classes are 2 semesters -- write the course name in 2 spaces

Semester classes - Write the course name in 1 space

Week 2 (do not complete the next step until next week)

7. Finalize this list of classes. Follow the directions to input these classes into Skyward.

8. Finish: Complete this assignment by clicking the blue Submit button and uploading to Canvas.

[1] Consider Health or Digital Studies Course

[2] Consider World Language Elective

[3] Consider World Language Elective

[4] Consider Art/CTE Electives

[5] Consider Driver's Ed
